Beans are...

• healthy! • budget friendly! • delicious!
That's right! Beans are an excellent source of protein and provide other nutrients such as iron and zinc. Look for canned beans labeled "low-sodium," "reduced sodium," or "no salt added." Or try cooking with dried beans. See below for snack ideas.

Drink Smart To Play Hard

Do my kids need sports drinks?

Sports drinks can be helpful for young athletes who exercise vigorously for an hour or more, or in hot temperatures. For most children, though, water is the best choice during and after physical activity. Sports drinks have added sugars that children do not need.

Snack Recipes

Are you looking for a snack to give kids energy between meals? Try beans! Beans can help your kids eat smart to play hard all summer long. Try...

Edamame — Kids love the mild flavor and enjoy popping them open.

How? Buy frozen bags of green soybeans in the pod. Bring a large pot of water to a boil, add the beans, and boil for 5 minutes. When ready, drain beans and serve hot or at room temperature. Remove the outer pod before eating the beans.

Roasted Chickpeas — Chickpeas, or garbanzo beans, get crunchy and extra-delicious when spiced and roasted in the oven.

How? Drain, rinse, and dry two 15-oz cans of chickpeas. Toss the chickpeas with a tablespoon of oil and one teaspoon each of cumin and chili powder. Spread beans on a baking sheet and roast at 400 degrees for 30-40 minutes, stirring halfway. Cool before eating.

Quick Quesadillas — Make a quick and easy quesadilla with black beans as the main ingredient!

How? Combine 1/3 cup cooked black beans with 2 tablespoons reduced-fat cheese in a whole-wheat tortilla. Fold in half and lightly spray one side of the tortilla with cooking spray. Place quesadillas on a baking sheet and bake at 400 degrees for 15 minutes, or until cheese has melted and the tortilla is crisp.
